

Thursday:

Chopstick Pick-Up

Chop, chop! Get a move on those marbles!

To play this game, you need one bowl of marbles, and a pair of chopsticks and an empty bowl for each player.

Players have 30 seconds to see how many marbles they can pick up with their chopsticks and transfer to their empty bowl.

To hold chopsticks, put one of the chopsticks in your hand and hold it just like you hold a pencil. Now put the other chopstick between your thumb and index finger. Move your thumb and index finger back and forth so the pointy ends of the chopsticks touch.

Players race to see who can pick up the most marbles in 30 seconds!
